

Note that the IR-TRACC device fitted to this dummy records a voltage.  
It is more normal to exchange the displacement channel.

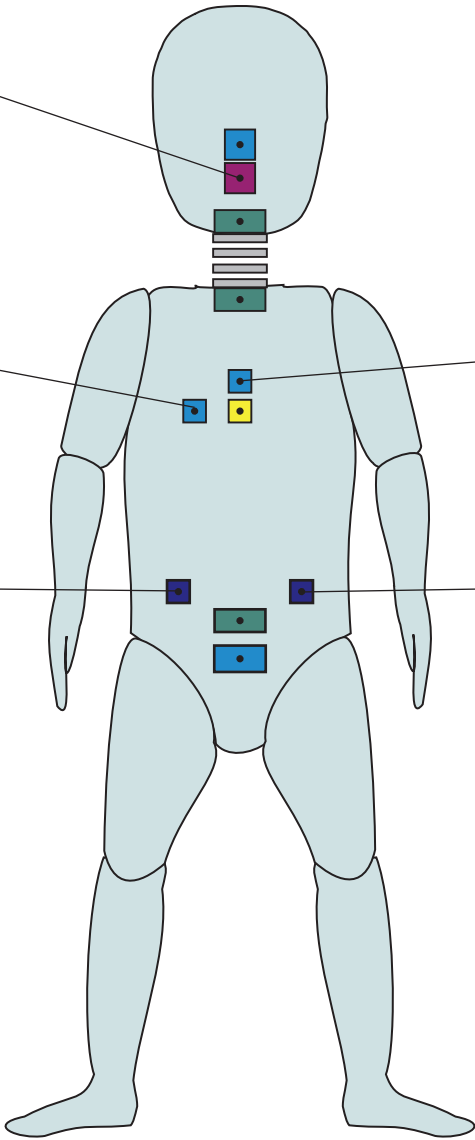

Head - AV  
HEAD 00 00 Q3 AV X, -Y, -Z

Thoracic Rib - AC  
TRRI ?? ?? Q3 AC X, -Y

Abdomen - PR  
ABDO RI 00 Q3 PR 0

Thoracic Spine - AC  
THSP ?? ?? Q3 AC X, -Y

Abdomen - PR  
ABDO LE 00 Q3 PR 0

Note that sensor locations are not fixed: transducers are taped in position as required. ISO Codes used must reflect the chosen position. FL1 should reflect the side, LE or RI, for these channels, if used.
