

**Frontal Impact**

Note that sensor orientation is different for side impact configurations.  
ISO Codes used must reflect the chosen orientation.  
Left-hand side impact: CHST LE 00 Q2 DS Y.  
Right-hand side impact: CHST RI 00 Q2 DS Y.

 Note that sensor locations are not fixed: transducers are taped in position as required. ISO Codes used must reflect the chosen position. FL1 should reflect the side, LE or RI, for these channels, if used.
